The next step is to enter the password, which was also sent to you via e-mail, and press “OK”.

Then allow the use of microphone. Without the approval, the person conducting the meeting will not be heard. Once accepted, click “**Dołącz**” at the bottom of the screen.

04

After the person conducting the meeting appears, a presentation will be displayed on the main screen of the event. During the meeting we do not use the microphone, and we ask questions via CHAT. To write something in the chat, click the marked icon in the upper right corner, then click “Chat” at the bottom, and “Rozmawiaj na chacie ze wszystkimi dyskutantami”.
